Programme: The NSS Unit 1 volunteers observed World Environment Day on 5<sup>th</sup> June,2023 to protect nature and the planet earth. It is a day that reminds everyone on the planet to get involved in environment friendly activities. The NSS volunteers through their initiative collaborated for poster making, trees plantation and poem writing. They came together to pledge towards building a greener society. They helped create awareness among their locality on environmental issues that have adverse effects on the surrounding like global warming, overpopulation, pollution, and crime against wild life etc. the volunteers with their individual initiative spread the message to take positive environmental action for sustainable development of the society.

Dear Nature, can you tell me  
How you bleed, how you sing  
And how you gift us rainbow ring;  
How you give us fruitful trees  
Where thou children ,  
Play With birds and bees  
Beneath thou branches human beings  
Find some peace and Forgot sins  
Some make love and some break  
heart  
The poetic witness penned in art

My dear forest, my dear sky  
Can you teach me  
How to stick my feet to the ground  
And How to enlight, with a fly  
How the seasons come and go,  
Scorching heat and freezing bow;  
How the leaves get so dry  
And how the green still don't lie  
How my mind can't compose  
A song, where Nature is forlorn
